IRISH NATIONALIST PRESS MOST CAUTIOUS

Washington or London Expected to Give Reasons Soon for Arrest of Sinn Feiners.

(Associated Press.)
Dublin, May 22.—The nationalist newspapers display unusual caution in dealing with the manifesto issued by the Mansion house conference Monday night. The Dublin Independent has an editorial three-quarters of a column in length, but it is merely a summary of the manifesto with no expression of opinion on it. The Freeman's Journal, the official organ of the Irish party, prints the manifesto, which Irish party leaders signed, without comment.

The Dublin Daily Express, which is regarded as the most reliable of the Irish landlords, comments on the Mansion house documents as follows:
"Though the manifesto would imply that there is no foundation for the charge of a conspiracy in Ireland to enter into treasonable communication with the German enemy, it is significant that the charge is not repudiated in specific terms. The members of the conference no doubt realize that if such a plot exists—and no government would say that it did if it did not—then the manifesto would be a political scandal, and they must carefully consider their duty and obligations."

Washington Nat. Talkative.
(Associated Press.)
Washington, May 22.—Although it has been revealed that government agents have gathered evidence in the United States of conspiracies between Sinn Fein leaders and German agitators to incite rebellion in Ireland, officials still declined today to indicate whether a state department announcement on the Irish developments might be expected.

For many months it has been disclosed, American agents have been inside the counsels of Irish in this country, who have plotted with German agents for armed insurrection against British rule. These disclosures were followed last night by the announcement that agents also have uncovered similar German intrigues with other nationalist groups in the United States. German money, it was said, has been used to finance agitators among Finns and Lithuanians.

Direct Action Not Advised.
Full details of the evidence was not made public, it was explained, because a number of persons still are under surveillance, but direct action by the United States in the case of the Irish was not deemed advisable. Inasmuch as this government did not wish to meddle in the affairs of the British empire, information in some cases was turned over to British representatives, and it is understood, the recent arrest of a number of Sinn Fein leaders in Ireland resulted partly from evidence unearthed in this country. Some announcement of the reason for the arrest of the Sinn Feiners is expected soon, however, either from London or Washington.

Light Sentence for Conspiracy to Steal Ship

Norfolk, Va., May 22.—Fifty-three members of the crew of the Russian steamship Omsk, who were arrested here charged with conspiring to seize the ship at sea and dispose of the cargo and also interfering with port regulations, today entered pleas of guilty and were sentenced to serve five days in jail.

The court took into consideration the time the men have been in jail in imposing their punishment, but ordered that they be detained for additional days after release to give the immigration authorities time to determine whether they shall be deported as undesirable aliens.

NO PEACE UNTIL GERMAN MILITARISM IS DESTROYED

Kansas City, May 22.—An assertion that there can be no peace so long as Germany is possessed of military power and a plea for liberal support of the Red Cross were made in the address of Henry O. Davidson, chief speaker at the night session here of the national conference of social workers.

"My observations in Italy, in France, in Belgium and in England have convinced me," said Mr. Davidson, who is chairman of the Red Cross war council, "that at least all forces of the enemy, military and civilian, have been taught to hate us, which they do so much desire, and that they are all in accord as to how to get it and in their determination that it shall be had."

At last Germany has made it clear to all in the countries of her enemies that there can be no peace so long as Germany is possessed of military power.

RUSSIANS FIGHT WITH MOROCCANS IN FRANCE

(International News Service.)
Paris, May 22.—A Russian unit, which is fighting with a Moroccan division on the French front, has been cited for bravery and the leader, Capt. Loyanoff, has been made a chevalier of the legion of honor. The Russian soldiers were all decorated with war crosses.

Russia sent a large force of troops into France and they were stationed on the Champagne front, but since the Russian revolution little or nothing has been heard of them.

AVIATION NOW ALLIES' IMPORTANT BATTLE ARM

(International News Service.)
Paris, May 22.—Aviation is now the most important battle arm of the allies, the Parisian press states, apropos to the appeal of former Premier Painleve for America to send thousands of partly trained aviators and airplanes to France. It is generally agreed that the aviators saved the allied armies in the German offensive.

DISCOUNT RATES TO MAKE NO CHANGE

Washington, May 22.—Redesigned rates for federal reserve banks probably will continue without change indefinitely, it was said yesterday after the quarterly meeting of the federal reserve advisory council of bankers and business men. Existing discount rates, recently raised generally one-fourth of 1 per cent, were considered satisfactory by the council and no revision was recommended. Some members of the council expressed the opinion that wide distribution of the third liberty loan might cause contraction of loans during the next few weeks.

BAKER ASKS FOR OVER ONE BILLION DOLLARS

Washington, May 22.—Secretary of War Baker this afternoon submitted to the house an estimate of \$1,500,000,000 for ordnance and munitions for the next fiscal year. The estimate, he said, is an authorization of \$7,118,732,446, so that contracts may be made, payment of which will fall due during the next fiscal year.

ATLANTA TEAM NOW NEEDS PITCHING STAFF

Reported That Frank Will Get Two Hurlers for Munch. Acosta Makes Good.

Atlanta, May 21.—The addition of Baldo Acosta to the Atlanta team line-up gave the Crackers a first-class outfield and backstopper staff, but there still is a need for a pitching staff. The debut of Omar Harbove was more successful than anticipated. The fans were led to expect that his arm has lost its cunning, though no player should be judged by his first appearance.

"Matty" Matthews, old-timer, who has been engaged as emergency catcher and general coach, got considerable pep into the team and promises to help ginger things up. He is filling a big gap on the coaching line, as base running has been a weakness of the team this year. The debut of Omar Harbove was more successful than anticipated. The fans were led to expect that his arm has lost its cunning, though no player should be judged by his first appearance.

CENTRAL HIGH ATHLETE HAS NOVEL WAR JOB

Felix Cornell, former Central High athlete, has written often for a "port in France," where his ship has been doing duty as a mail carrier. He is a letter postmark "Brest," which had been only eleven days in transit, was received by friends here. Brest has a fine harbor and is a city of 30,000 population and is the farthest west port of France. It is a harbor water transit from the United States is shortened over 200 miles. The harbor is on the Atlantic, with the English channel to the north and the Bay of Biscay to the south, and is not considered as good ground for lurking U-boats as the English channel.

Young Cornell volunteered in the navy last August as third-class fireman and shoveled coal on the Wisconsin and Oklahoma, and was made water-tender and later assistant electrician on the Nokomis, a \$500,000 private yacht given the government by Dodge Brothers, automobile manufacturers, and converted into a thirty-two knot U-boat chaser with a total crew of 118 men and rechristened the "609" patrol. Later he was graded an electrician and transferred to the big repair ship, Prometheus, by making liberty, which ship meets transports on land.

A stream of transports unloaded at Brest and the young man has met many soldiers from home. Among others, the sixth infantry landed there. His ship was easily found and he had shore liberty with the boys from home. He writes that playing ball in France has all the vim it used to have on "Chamberlain field in Chattanooga, and that soldiers and sailors everywhere he has been are always cheerful.

FRENCH LAUNCH LARGEST CARGO BOAT

Washington, May 22.—With the Germans trying to destroy the shipyard at Kunkirk, France, with aerial bombs, long-range guns and destroyers, the French government has just launched the largest cargo boat ever built for her merchant marine, a report today from the department of commerce shows. The steamer was built under almost insuperable obstacles, was launched from the Chantiers de France and in 44 feet long. She displaces 12,000 tons, carries a cargo capacity of 12,000 tons, and is expected to form a valuable unit in the cargo fleet bringing supplies from the western world to the allies.

44 KILLED, 179 INJURED IN AIR RAID OVER LONDON

(International News Service.)
London, May 22.—The total number of casualties in the German air raid over London and the southeastern coast on Sunday night and Monday morning in all districts was put at 44 killed and 179 injured in an official announcement this afternoon.

GERMAN SUBMARINE ATTEMPTS TO ESCAPE

(International News Service.)
Paris, May 22.—The German submarine U-48, which is interned at Ferrol, tried to escape, but was stopped by a Spanish destroyer.

CALLS FOR REPORT OF TOTAL EXEMPTED MEN

Washington, May 22.—Resolutions calling upon every member of President Wilson's cabinet and the interstate commerce commission to inform the house how many men they have requested exemption for were introduced this afternoon by Representative Martin Madden of Illinois.

AVIATOR RICHARD BLODGETT HAS BEEN KILLED IN FRANCE

Newton, Mass., May 22.—Richard Blodgett, aged 26, an American aviator, who left his studies at Williams college last year to enter the service, has been killed in France, while in flight, according to a cable message received by his parents here. Only last Friday he cabled to his father, Edward E. Blodgett, that he had brought down his first German machine.

Children's Coughs and Colds.
For children's coughs and colds Chamberlain's Cough Remedy is excellent. It is prompt and effective and contains no opium or other narcotic, and is pleasant to take. (Adv.)

SIX DEAD AND SCORES INJURED IN TORNADO

Central Part of Iowa Storm-Swept—Property Damage Will Reach Million.

(Associated Press.)
Des Moines, Ia., April 22.—At least six persons are dead and scores were injured as the result of a tornado which swept the central portion of the state late yesterday, according to reports received today. Lines of communication in the storm-swept section have not been fully restored, but from reports received it is indicated that the property damage will reach in the neighborhood of \$1,000,000.

Of the reported dead, three were killed at Newton, thirty-five miles east of this city, and one near Denison. Information received from Boone said the tornado covered the entire country from southwest to northeast, leveling farm buildings, and in the city itself wrecking fifty dwellings and also the shops of the Chicago & Northwestern railroad. Those killed were caught in the wreckage of dwellings.

The two persons killed at Newton were caught in the wreckage of a factory, which also resulted in the injury of the village of Leokout. Reports from there added that in the rural districts the damage to crops and live stock was particularly severe.

Railroad officials sent word along the Chicago & Northwestern railroad for doctors and nurses to go to the stricken towns. Between Boone and Marshalltown all lines were down and fear is felt that the havoc of the storm may be greater than is at present indicated.

Village Destroyed.

(Associated Press.)
Madison, Wis., May 22.—Destruction of the village of Leokout by a tornado last night was practically complete, according to word received today. Three persons were killed when their homes were wrecked. A school also was destroyed. There was much damage to crops and live stock. Houses are reported to have been blown down at Mount Horeb, but there was no loss of life.

LAWLER MEETS BOY WHO CLEANED PACIFIC COAST

Frankie Malone, a western fighter who has defeated the fastest material the coast cities have produced, has been hooked to meet Jack Lawler, a champion, on Saturday night at Chickamauga.

An interesting feature of the melee is that Malone is coached by Walter Monahan, who trained Jess Willard on his road to fame and a victory over Jack Johnson. Monahan is also with the colors, and his turned his attention from the big boys to the little ones. Leokout, who has been training ring champions, so that Saturday's will not be merely a match of brawn and scientific skill, but of "headwork" and deep stuff from the coaching corners.

CONDITION SENATOR JAMES REPORTED TO BE IMPROVED

(International News Service.)
Washington, May 22.—The condition of Senator J. H. James, of Kentucky, who has been quite ill in the Johns Hopkins hospital in Baltimore is reported to be improved.

JAM-UP WORK BY LOCALS HOLDS BARONS TIGHT

Barons Make Nine Hits Off Ring but Good Fielding Prevents Score.

Glazier, the Baron phenom, received his second defeat of the season yesterday on Andrews field, as the result of sensational fielding by the Lookouts, especially young Cuto, who played all around right field. Twice the fleet-footed Cuban stopped a battering rally with only one out when he threw perfectly to third and caught a runner headed for that sack. Once he caught a man going to third by a throw, and the peg was so perfect that the Baron runner stopped and allowed Fred Graff to tag him out. Young Glazier allowed only four hits while his teammates were gathering nine off Jim Ring's delivery. The final score was 2 to 0. The locals made three double plays.

The home team scored their first run in the third on a walk to Graff and Paddock's terrific three-bagger to right-center, which counted Freddie. The second run was scored in the eighth, again on Paddock's ability as a pinch hitter. Leach had reached first, and on a wild throw of Graff's hit by Montague went to third and later scored on Paddock's long fly to right field. Both teams should have scored at many other times. The reason for the locals was the unfortunate attempts at hit and run and squeeze plays while the Barons on bases were inevitably caught as the result of fast fielding by the Lookouts. The day was ladies' day, and a goodly number of the fair sex were out. The same teams play today, the game beginning promptly at 4 o'clock. Marshall will hurl for the locals, while Manager Motevorth has not announced his hurler. Score:

OKLAHOMA REPUBLICANS ADOPT SUFFRAGE PLANK

(International News Service.)
New York, May 22.—The National American Woman Suffrage association has received word from its Oklahoma branch that the state republican convention has just passed a resolution which reads as follows:

"Resolved, That the republican party in the state of Oklahoma, in convention assembled, reaffirming its faith in government of the people, by the people, and for the people, favors the extension of suffrage to women as a measure of justice to one-half the adult people of this country."

FEDERAL CELEBRITIES WILL SPEAK AT COMMENCEMENT

(International News Service.)
Schenectady, N. Y., May 22.—Gen. Peyton C. March, chief of staff; Secretary of State Lansing and Secretary of War Baker are expected to be here to attend the commencement exercises of Union university in June. Secretary Lansing recently was appointed honorary chancellor of the university.

Gen. March is a brother of Prof. John L. March, professor of languages of Union.

CATARRH MUST BE CURED!

Make-Shift Remedies Are Absolutely Worthless.

Don't think lightly of Catarrh. Do not make the mistake of believing that it is merely an aggravated bad cold. True, this trouble usually starts with what is apparently a cold in the head, but beware of any cold that "hangs on." You may as well realize at the outset that Catarrh is a serious disease and one that should not be trifled with. In fact, in many instances it is a forerunner of the most dreaded of all diseases—consumption.

Catarrh has become almost a universal ailment among the American people. Almost everywhere, in theatres, cars, and on the streets, there is a constant sniffing and hawking, for there is bound to be someone in almost every place who is afflicted with catarrh. And everyone is a possible victim, for the germs of the disease are easily communicated from one person to another.

So many people afflicted with this disease have been unable to find a cure, although they have taken many different kinds of treatment for years until they are almost willing to believe the disease is incurable. Like everything else, to find relief from this disease, the proper treatment must be resorted to. No other kind can be expected to do any good.

Read what Mr. C. F. Venatta, of New Kensington, Pa., has to say about his Catarrh:

"I have used S. S. S. for my family and know what it is, and have recommended it to my friends. Some years ago I had Catarrh in my head, and after using other remedies without results, which only seemed to dry up the irritated mucous, I commenced taking S. S. S., and after taking a few bottles, I was cured."

C. F. VENATTA,
724 Anderson Ave.,
New Kensington, Pa.
